**PROGRAMME DE TECHNOLOGIE ÉDUCATIVE
DISTRIBUTION DE DIDACTICIELS**

**1970 AVENUE NESS AVENUE
WINNIPEG, MANITOBA R3J 0Y9**

TELEPHONE: 896-2214

The Educational Technology Program is one of several offered by InfoTech Manitoba, Canada's first industry government computer resource centre. The Centre, located at 1970 Ness Avenue, Winnipeg, is supported by the Manitoba Jobs Fund.

Le Programme de technologie éducative est un de plusieurs programmes offerts par InfoTech Manitoba, le premier centre conjoint industrie-gouvernement de ressources informatiques au Canada. Le centre, situé au 1970, avenue Ness, Winnipeg, est subventionné par le Fonds Manitobain de soutien à l'emploi.

ADDED FEATURES

This year, Courseware Distribution is pleased to announce two new features.

1. Special Purchase Courseware, consisting of over 100 commercial products for Apple, Commodore-64, IBM PC or TRS-80 microcomputers, is being offered to the schools at up to 75% off the retail selling price. Refer to pages 19-27 in the Supplement. Hurray, as there are only limited quantities of this courseware and it will be sold on a first-come basis.
2. All courseware packages ordered as of OCTOBER 1st from either the Catalogue or the Supplement will come shrink wrapped in a labelled 1/2" or 1" vinyl binder containing the manual, an anti-static diskette protection jacket, and the diskette(s). This new packaging costs \$3.00 for the 1/2" binder and one diskette jacket. Costs are slightly higher for 1" binders and/or if more than one diskette jacket is required. If a school does not wish to receive the binder and diskette jacket, the manual and diskette must be ordered separately.

NOUVEAUTES

1. Les didacticiels "achats spéciaux", qui consistent de plus de 100 produits commerciaux pour les micro-ordinateurs Apple, Commodore-64, IBM-PC ou TRS-80, sont offerts aux écoles à des rabais de jusqu'à 75% du prix de détail. Ces produits seront vendus à base de premier arrivé - premier servi.
2. Tous les "paquets" de didacticiels commandés commençant le 1er octobre inclueront un relieur étiqueté, une pochette antistatique et la(les) disquette(s). Ce nouvel emballage coûte 3,00\$ (pour le relieur 1/2" et une pochette; les coûts sont un peu plus élevés pour les relieurs 1" et/ou si plus d'une pochette est requis). Si une école ne désire pas recevoir le relieur et la pochette, le guide et la disquette doivent être commandés séparément.
